Head Nurse Job Description

The scope of your nursing duties will be to act as a program nurse during the period of July 1, 2018 to August 11, 2018. These nursing duties will encompass your being available to meet and to attend to the medical needs of members of the PCC/ASP student body during their regularly scheduled hours.

You are also to be available to consult with and to advise our adult PCC/ASP supervisors in any and all matters wherein your medical expertise either may be required or, in your judgment, necessary.

Your contract includes attending an Orientation Meeting on June 13th, presenting health information to the residential staff, and coverage for one another in the event of illness or approved absence.
