

Project Contemporary Competitiveness Advanced Studies Program 2018 Family Survey

Dear PCC Families,

At PCC we tend to focus on your student for the six weeks they are under our care. This does not mean, however, that your opinions are not important to us. We are asking that you take a moment to answer the questions below to help us take an honest look at our program through your perspective. We will take your suggestions seriously and hopefully incorporate them to make PCC even better in the future. You can send this survey back in an envelope with your student next week or mail it directly to us at the following address:

PCC Office – Family Survey
